CALL FOR PAPERS

RoboSoft is an IEEE Robotics and Automation Society conference where soft robotics researchers can present and discuss their work. The 2020 conference will be held from April 6-9, 2020 at the Omni Hotel at Yale in New Haven, CT, USA. The conference will include plenary sessions, contributed paper sessions, workshops and tutorials, and soft robot challenges.

Papers to RoboSoft can be submitted through two channels:

1. To RoboSoft, due November 1 2019. Six pages in standard IEEE format are allowed for each paper, including figures and references, and a maximum of two additional pages can be purchased.

2. To the IEEE Robotics and Automation Letters (RA-L) journal, due October 15 2019. Select the option for presentation at RoboSoft. Six pages in standard IEEE format are allowed for each paper, including figures and references, and a maximum of two additional pages can be purchased.

Other Submissions:

1. Workshop and tutorial proposals, due November 1 2019. Workshops and tutorials will be held on April 6, the day before the conference’s technical sessions begin. Workshops and tutorials provide an informal forum for participants to discuss emerging and active research areas and tools.

2. Competition entries, due Feb 15 2020. Competition entries should consist of a video and a technical document. Competition categories include (1) terrestrial race, (2) manipulation, and (3) wearables.

3. Late breaking results, due March 1 2020. Abstracts on late breaking results provide a channel to present recent results during a late breaking results poster session.

Important Dates:

- Contributed papers: **November 1 2019** (23:59 US Pacific time)
- Workshop and tutorial proposals: **November 1 2019** (23:59 US Pacific time)
- Competition entries: **January 15 2020** (23:59 US Pacific time)
- Late breaking results: **March 1 2020** (23:59 US Pacific time)

Detailed instructions for all submissions will be available at www.robosoft2020.org
